FEE INCLUSIONS: Due to the uncertainties during this pandemic season, Aspire has elected not to include fees for travel and hotels and other expenses associated with events that might not happen. Our fees, therefore, are the base fees to provide players with everything we are confident will happen. As we add planned travel and larger events like Junior National Qualifiers, we will send separate invoices once we know the event will occur. We think it will be a cleaner financial transaction rather than billing all-inclusive lump sums then having to calculate refunds based on all the events that did not take place.

Anticipated/Estimated costs to be added if travel tournaments/junior national qualifiers occur is approximately \$600 per travel tournament. That covers shared expenses like tournament registration, coaches travel and hotel, player hotel and local transportation. It does not cover player travel or meals.

FEES COVER - All club registration fees for USAV and the AZ Region. Background checks for coaches. Education and training and certifications for coaches. Coach stipends. Player referee training/clinics. Uniform packages for players. Region tournament fees.

*A financing fee of approximately 5% is included in the payment term option
